scan	6 ♣		6 ♥	J♣ no J♠
	7 ○		P	

notes

remarks

© Marcel den Broeder, REGRESsion 2002

\* Partner must have 2 Jacks covered by Hon. because 8-10, SO you can bid 7○ at once  
But be polite and check it, partner could have a day off ;-)

K or AQ♠	6 ♦		7 ♣	
	P			

notes	remarks
	© Marcel den Broeder, REGRESsion 2002  *you hope not because partner must bid his 4c and in case of ♣ wil it be a very cheap bid!  Problem with this 4333 is that you can do a normal Slab òr Spiral Scan with 3♥ but at the same time you need to know the exact distribution.
