

Collection of FischerTechnik Interface drivers for Clipper&DOS

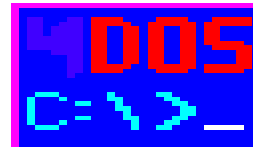

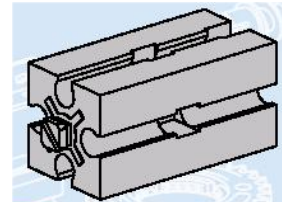

<http://members.chello.nl/r.nootboom2>

email : r.nootboom2@chello.nl

contents of zip supplement : **ftclip.zip**

clipper 5.2e (DOS)
drivers for all fischer technik computing
interfaces :

- 1) universal interface (30520,LPT-port)
- 2) intelligent interface (30402,COM-port)
- 3) multiface (from Knobloch GmbH,LPT-port)
- 4) robopro interface in ii(30402)-mode,COM-port

FischerTechnik Clipper DOS Driver Collection Overview

object module	interface	port
ftlpt.obj	30520 Universal	LPTx
mface.obj	MultiFace 72 (Knobloch GmbH)	LPTx
ftcom.obj	30402 Intelligent Interface RoboPro in II-mode	COM1-4

file list for DOS-xBase Clipper 5.2e ft interface drivers
for the Intelligent Interface(30402),the older LPT(30520)
and new robopro interface in II-mode and the MultiFace 72 from Knobloch

CLIPXMS1.OBJ	let the clipper VM use XMS instead of EMS
CLIPXMS2.OBJ	let the clipper VM use XMS instead of EMS
CT.LIB	required : CA-Tools III clipper library
FT.CH	#include file with fischer techniek constants
FT.LIB	all interfaces *.obj in one lib-file
FT.NG	norton guide documentation ft interface functions
FTCOM.INI	optional ini file with com port IO-adresses&IRQs
FTCOM.OBJ	compiled ftcom.prg
FTCOM.PRG	source code 30402-driver serial interface

FTCOMTST.EXE	ftcom 30402 test program
FTCOMTST.LNK	blinker link script for ftcomtst.exe
FTCOMTST.OBJ	compiled ftcomtst.prg
FTCOMTST.PRG	source code
FTLPT.CH	#include file for ftlpt.prg
FTLPT.INI	optional ini file with lpt IO-adresses
FTLPT.OBJ	compiled ftlpt.prg
FTLPT.PRG	source code 30520-driver, parallel port interface
FTLPTTST.EXE	ftlpt 30520 test program
FTLPTTST.LNK	blinker link script for ftlpttst.exe
FTLPTTST.OBJ	compiled ftlpttst.prg
FTLPTTST.PRG	source code
GENERIC.CH	required : #include file for all appl
MFACE.INI	optional : ini file with multiface ioadresses
MFACE.OBJ	compiled mface.prg
MFACE.PRG	source code multiface 72 driver
MFACETST.EXE	test program for the multiface
MFACETST.LNK	blinker link script for mfacetst.exe
MFACETST.OBJ	compiled mfacetst.prg
MFACETST.PRG	source code
NOOT.CH	#include file for use of noot.lib
NOOT.LIB	required : my own user defined functions library
NOOT.NG	norton guide doc for noot.lib
SIM_CATO.PRG	needed if ct.lib is not linked in, equivalent functions
SIM_CATO.OBJ	compiled sim_cato.prg
SIM_CTUS.OBJ	required replacement object for catools ctus.obj
SIM_CTUS.PRG	source code sim_ctus.obj
XBASE.CH	generic Xbase include file, required
XBASE.PRG	source code generic Xbase functions
XBASE.OBJ	compiled xbase.prg, required
__WAIT_B.OBJ	required patch for present recent (too) fast cpu's
